

Welcome to the website of Merrylands Baptist Church.

We are a church that seeks to reach out to our community and share the news about our loving God.

We would love to get to know you and see you at our service some time. If you do visit, please make yourself known to us, and we hope that you will be made welcome.

In the meantime, this website tells you about our church and the ministries that we have to offer.

We hope that you find this useful, and hopefully one day we will get to know you and journey through life together.

God bless.
